PROFESSIONAL SUMMARY

Software Developer with 3+ years of experience in NodeJS, Angular and .NET. Specialized in building REST APIs and integrating large-scale platforms. Proficient in developing scalable web applications and implementing Agile methodologies, with a strong focus on performance optimization and seamless system integration.

CORE SKILLS

Programming Languages

- JavaScript/ES6 | Web Technologies:
    - Angular + Typescript
    - Node.js + ExpressJS
    - NestJS
- C#
    - .NET Framework
    - Entity Framework

Databases

- SQL | Oracle SQL / SQL Server / PostgreSQL / MySQL
- NoSQL | MongoDB

ADDITIONAL SKILLS

Usefull tools

- Docker
- Git / GitFlow
- BitBucket - GitHub
- Jira - Trello
- Postman
- DBDiagram

Design patterns | Agile Frameworks

- SOLID
- MVC
- SCRUM

Amazon Web Services (AWS)

- Compute
    - EC2 (Elastic Compute Cloud)
    - Lambda (Serverless)
- Storage
    - S3 (Simple Storage Service)
- Databases
    - DynamoDB

GUSTAVO PASQUA

Fullstack Software Developer

PROFESSIONAL EXPERIENCE

DevIT Solutions

Fullstack Developer | Sep 2023 – Present

- Develop and maintain fullstack applications as restricted access platforms with different data levels.
- Design database models for these applications.
- Build an API Hub to integrate E-commerce with Fintechs.
- Create tables, functions, packages and procedures that will help to integrate TOTVS ERP's with E-Commerce.

Grupo Nobre

Fullstack Developer | Jun 2022 – Sep 2023

- Develop and maintain fullstack applications using Javascript and NodeJS with SQLServer or MongoDB.
- Consumed REST APIs from a virtual study platform requiring TOTVS ERP student data.
- Integrated SOAP APIs from a virtual library into the student portal.
- Build reports using SQLServer.
- Provide insights for new projects that can add value to the institution.

Estrela Laboratory

Intern | Feb 2020 – Nov 2020

- Performed maintenance on desktop computers including part replacements, cleaning and formatting.
- Provided assistance in a laboratory system (SMART).

EDUCATION

Software analysis and development

Bachelor's Degree

UNIFAN | 2025

CERTIFICATES

EF SET Certificate (English Proficiency)

C2 level - Nov 2023

Fullstack Web Development

Cod3r | Sep 2022 – Mar 2023

Foundational C# with Microsoft

Microsoft | Jan 2025
